Tailor made beautiful bathroom furniture

VANITY HALL
COLLECTION

Vanity Hall has been manufacturing exemplary bathroom furniture for over 30 years. From modern and minimal to timeless and traditional, every piece of bathroom furniture is handcrafted in the heart of England to the highest exacting standards.

Exceptional products

Every Vanity Hall customer deserves the best... the best quality of products, the best selection of finishes and the best choice of door styles.

From our humble beginnings in 1992, to our purpose designed 40,000 sq. ft office suite and manufacturing site, we have continued to maintain our ethos for handcrafted excellence, thanks to our team of highly skilled local craftspeople, some of whom have been with the business since the very beginning.

30 years later and our original entrepreneurial spirit and unwavering commitment to traditional English cabinet making and joinery remains evident in every piece of furniture we make, all supplied fully assembled to make installation straightforward.

The beauty of bespoke

In an increasingly off-the-shelf world, Vanity Hall is proud to be the exception to the rule.

If you are struggling to choose a colour finish from one of our many standard options, our bespoke painted service allows you to customise your new bathroom furniture in a colourway of your choice, perfect for the most discerning of customers.

Likewise, whilst all our units are available in an array of different widths and depths, should you have a bespoke requirement for a unique sized unit, here at Vanity Hall we can accommodate your request.

As ever, the choice is entirely yours...

Lovingly made in Britain

Traditionally handcrafted in the heart of England, our skilled craftspeople require patience, passion and an unrivalled understanding of carpentry. It's why we champion British craftsmanship at every opportunity.

Established suppliers

Every unit we make is manufactured to our same exacting standards. As such, products of this calibre require associated leading brands.

Lifetime guarantee Blum® components are fitted as standard to all units.

We're also justifiably proud to be a partner of the DuPont™ quality network, an accolade which acknowledges and supports only the elite Corian® fabricators in the world.

Stunning showrooms

Nothing would be possible without the support of our established network of over 200 independent bathroom showrooms. Designing stylish bathrooms is at the forefront of what they do, so be sure to locate your nearest Vanity Hall bathroom showroom specialist.

DESIGNER COLLECTIONS

For truly inspired style, consider one of our designer collections. At Vanity Hall we like to 'think outside the box' and as such, we have created three different collections featuring various materials, styles and textures to offer the ultimate in innovative ideas.

VERTICAL

DESIGNER COLLECTIONS

Decorative Front

Currently on trend, pattern is very much in vogue! Using popular tessellated designs, at Vanity Hall we have created four distinct door styles, each very different in appearance.

Vertical and Linea feature designs utilising straight lines, whereas Harlequin and Pisces feature a series of repeat patterns.

Angled Pull

With a discreet pull to open handle, our Angled Pull collection features a minimal styled series of doors and drawers. Each unit features our inset design to add to the simple detailing of this range, where modern looks meet angular elements.

Choose from contrasting colours and juxtaposed wood grains for truly exceptionally stylish looks, or self coloured units for a more pared back feel.

Available in Natura finishes. See pages 46 and 47.

All wood finish products in the Vanity Hall Collection are manufactured from real wood, and will vary in shade and detail from piece to piece. We will always endeavour to match the finish to samples provided, however it is not a manufacturing fault or defect if pieces are not an exact replica to samples.

Painted finishes may have small variation in shade when adding or replacing an item to an original order. We strongly recommended providing a sample that we are happy to colour match to in this instance.
